

OEKO-TEX® is an association of 17 independent research and testing institutes in the field of textiles and leather with headquarters in Zurich, Switzerland. Based on its broad expertise, OEKO-TEX® offers various certifications for textiles, clothing, leather goods, chemicals and sustainable production conditions. OEKO-TEX® certifications and labels enjoy a high reputation worldwide among partners in the industry and consumers.

To complement and support our product management team at our head office in Zurich, we are looking for a committed, flexible and effective Business Intelligence Manager (100%).

Business Intelligence Manager (100% - f/m/d)

We offer you a dynamic role with the opportunity to make a real impact, contribute your ideas, and help shape the future of sustainability standards in a global context.

Your area of responsibility:

- Build and develop a market intelligence function covering certification trends, competitive landscape, and market developments
- Analyse market, customer, and certification data to generate actionable insights for product and strategy teams
- Monitor regulatory and policy developments and assess their impact on OEKO-TEX® standards and business
- Design and maintain dashboards and reporting tools (e.g. Power BI, Tableau) to track key performance indicators
- Establish data standards, governance, and structures to improve data quality and accessibility
- Partner with product managers and leadership to support strategic decision-making
- Conduct deep-dive analyses (e.g. market segmentation, pricing, growth opportunities, customer behaviour)
- Support business cases, strategic planning, and investment decisions with data-driven insights

Your profile:

- 5–8 years of experience in business intelligence, strategy, or market analysis
- Strong skills in data visualisation tools (e.g. Power BI, Tableau) and SQL
- Experience translating data into clear insights and recommendations for business decisions
- Strong analytical thinking and structured approach
- Experience with data governance and data management frameworks
- Familiarity with sustainability, certification systems, or complex supply chains is a plus
- Experience with Python or R is an advantage
- Strong communication skills and ability to work with cross-functional teams

What we can offer:

OEKO-TEX® offers you a responsible, versatile and attractive job in an international environment. The excellent brand name, forward-looking products and a motivated team will flank your activities.

- A responsible and impactful role in an international environment
- The opportunity to shape data-driven decision-making in a globally recognized organisation
- A dynamic and purpose-driven team focused on sustainability
- Flexible working conditions
- A central location in Zurich with excellent public transport connections

If you find yourself in this job description, we look forward to receiving your meaningful and complete application documents to recruiting@oeko-tex.com.

Job placements will not be considered for this position!
